Kenosha County Fair FAQ's for First Time Exhibitors:

Q: Who can enter exhibits?

A: Anyone. However, you must be the owner of and the individual who grew, built, created or raised the exhibit you want to enter.

Q: What does it cost to enter?

A: It depends on your age and whether you are entering the Open Class or Junior Fair. Please see the admission section of the Premium Book.

Q: Can I enter an exhibit in more than one department?

A: An individual item can only be entered in one department. Individuals can only enter one item per class number per person.

Q: What types of awards/ribbons can I win?

A: The types of awards and ribbons vary by department. Ribbons and premiums paid are listed in each section of the Premium Book.

Q: How are the exhibits judged?

A: There are two types of judging systems used at the Fair – the American and the Danish. Under the American System, the judges evaluate all exhibits in the department and select only one first, one second, one third and so on in each department (Open Class). Under the Danish system, judges evaluate each exhibit on its own merits (not compared to others) and may give more than one first, one second, one third and so on (Junior Fair).

Q: Where can I get a Premium Book?

A: You can pick a copy of the Premium Book up at the Fair Office, located at 30820 111th Street, Wilmet, WI 53192 OR on the website: www.kenoshacofair.com. Entry forms are available online and in the Fair office.

Q: How do I enter an exhibit?

A: You will need to complete an entry form (either Open Class or Junior Fair). Simply select the Department, Division and Class for each item/animal you want to exhibit. Fill in all of the information required on the entry form and return it to the Fair Office or your organization/club General Leader prior to the deadline. We suggest that you include all items you are intending to exhibit. It is best to enter and not bring an item, rather than pay the late entry fee once the deadline has passed.

Q: I need more lines than are on the entry form, what should I do?

A: You are permitted to copy the blank entry form if you require additional lines for entry. Please remember to put your name on each additional sheet.

Q: When do I bring my exhibit to the Fairgrounds?

A: Please refer to the specific department in the Premium Book as well as the charts on page 15 and 38 of the Premium Book. All entries (with the exception of animal entries) must have an entry tag attached to the item.

Q: Who can I call with questions?

A: You can contact the Fair Office at 262-862-6121. If they cannot answer your question, they will put you in contact with the Department Superintendent.

Q: What are the rules to enter exhibits?

A: Please see the General Rules for all Exhibitors on page 5 of the Premium Book and additional rules within each department entered.

Q: Does my entry have to stay at the Fair all week?

A: Yes, all entries must remain at the Fair until official release time. Exhibitors should have their claim tag to pick up item.

ATPC 160.02 Premium Requirements

1. GENERAL

- a. The state aid authorized by s. 93.23 (1), Stats., may be paid on net premiums paid by a county or district fair. The department may withhold state premium aid from any fair that does not enforce animal health provisions under ch. ATPC 10 that are applicable to animals exhibited at the fair. State aid will be paid only on premiums actually paid by bank check or draft.
- b. No deductions may be made from premium money won by an exhibitor. Premiums may, however, be withheld where exhibition rules established by the fair association are violated. A written statement of violations shall be submitted to the department to justify action taken by a local fair.
- c. Premiums offered shall be definite in amount. No decrease or increase in published premiums may be made because of the financial condition of the organization or for any other reason.
- d. State aid may be paid on no more than 2 premiums awarded an exhibitor under one premium or lot number in open division individual livestock classes, except poultry and rabbits, and no more than one premium in all other classes, including poultry and rabbits.
- e. No county or district fair may receive state aid for a premium awarded to any exhibitor in the open division if that exhibitor entered the same exhibit in the junior division at the same county or district fair. This paragraph does not apply if the exhibit was entered in the junior division only as part of a herd group, carcass class or performance class.
- f. No state aid will be paid on the cost of ribbons, cups, trophy prizes, or entertainment contests.

2. PREMIUM LISTS

- a. Premiums for which state aid is requested by county and district fairs shall conform with the uniform premium list and other requirements set forth in these rules. Fairs requesting state aid for net premiums shall submit to the department a printed copy of the premium list used at the fair, as required under s. ATPC 160.92 (3) (c).
- b. The officers of each fair shall mail a copy of the premium list to other associations, societies, or boards conducting a fair in Wisconsin upon request.
- c. Sections ATPC 160.01 through 160.07 and 160.91 shall be published in premium books used by a fair for which state aid is requested.

3. ENTRY FEES

- a. A county or district fair may charge an exhibitor or entry fee. The entry fee may not exceed 10% of the sum of all premiums offered to exhibitors in the same class for which the entry fee is charged. In lieu of an entry fee, a county or district fair may charge stall rents for horses, cattle, sheep, goats, swine, poultry, rabbits, or pets.
- b. Exhibitors in department 35 shall not be required to purchase an exhibitor's ticket. Any other exhibitor may be required, if no entry fee is charged, to purchase an exhibitor's season ticket at a price not to exceed that charged for a non-exhibitor's season ticket.

4. SPLIT FAIR DATES

- a. For purposes of this subsection, "split fair dates" occur when a fair organization judges exhibits or contests and pays premiums at more than one time or at more than one location during the calendar year.
- b. Except as provided under par (c), the department may not pay state aid for a fair having split dates unless the department gives advance written approval for a split fair. The department may approve split fair dates only if the fair organization justifies the split dates based on extreme hardship. If the department approves split dates, all blue ribbon winners shall repeat their demonstrations or exhibits at the regular fair dates unless the department grants a hardship exemption. An exhibitor may use audio-visual media, still photography or an educational display to repeat a demonstration or exhibit.
- c. The department may pay state aid for the following exhibits or contests in a fair having split dates, regardless of whether the department approves those split dates in advance:
 1. Clothing revue.
 2. Demonstrations
 3. Favorite foods revue.
 4. Dogs.
 5. Small animals.
 6. Rocketry.
 7. Shooting sports.
 8. Other exhibits and contests that are similar to those identified in subds. 1 to 7.

ATPC 160.03 Exhibition Requirements

A county or district fair shall meet all of the exhibition requirements of this section to be eligible for state premium aid.

1. No fair society or other organization sponsoring a county or district fair shall require an exhibitor to become a member of the organization in order to enter an exhibit at the fair, nor shall the sponsoring organization make any deduction from an exhibitor's premium as a donation to the fair society, or require an exhibitor in any other way to make a donation to the society.
2. State aid may not be approved for out-of-state exhibits or for separate classes of local and non-local exhibitors. Aid may not be approved for payment of premiums to an exhibitor having an out-of-state address but claiming Wisconsin residency unless the fair secretary provides the department with an affidavit that the exhibitor's residence is geographically located within the state.
3. State aid may be paid only on articles or animals actually on display in an

exhibit building or actually shown in the show ring on regular fair dates unless approval for split fair dates is obtained under s. ATPC 160.02 (4). State aid may not be paid on Dairy Herd Improvement Association records, transportation aid, production contests or other special educational exhibits unless prior approval is obtained under s. ATPC 160.04 (8).

4. State aid may not be paid on exhibits removed from the fair grounds before 4:00 p.m. of the last day of the fair, or such other later time as may be specified by the fair, without prior approval of the department. Authority for earlier removal may be granted by the department in case of meat animal sales or other special classes, if requested before the beginning of the fair. In other hardship cases, approval may be granted by the local fair. Exhibits in dog obedience and small animal pet classes may be judged during the regular fair but are not required to remain present during the entire fair. The local fair may prescribe the length of time junior fair exhibitors of horses shall keep their animals on the grounds.

ATPC 160.04 Junior Fair Division

1. In the junior fair division, the department may pay state aid on prizes offered to exhibitors who are under 20 years of age on January 1 of the current fair year. A county or district fair board may establish subgroups within a junior fair entry class based on the exhibitor's grade in school. The department may not pay state aid on prizes for club parades, club floats, song contests, or a project which is not an exhibit or demonstration at the fair.
2. All exhibitors in the junior fair division shall be members of 4-H, FFA, a scouting program, a breed group, or another recognized youth organization under adult leadership that has an education program appropriate to that organization and is approved by the fair board.
3. Exhibits in the junior fair shall be the product of the exhibitor's own labor. An exhibit may include a study project, merit project or other special project, a skill area, or a supervised occupational experience in which the exhibitor is regularly enrolled, provided that the fair board approves the project, skill area, or supervised occupational experience as an exhibit.
4. State aid may not be used to award more than one premium to any exhibitor in any department in the junior fair division, except that:
 - a. A premium may be awarded to each member of a group that collectively owns and enters a livestock exhibit in departments one to 5 of subch. IV.
 - b. An exhibitor may receive a separate premium for showmanship where authorized under subch. IV.
 - c. An exhibitor may receive more than one premium in a department for which additional premiums are specifically authorized under subch. IV.
5. Under subch. IV, within each of the junior fair departments 9, 10, 13 to 16, 18, and 20 to 29, a fair board may establish one or more entry classes for self-determined projects that are related to that department. The fair board may establish class entry criteria, including student grade level criteria. Entry classes are open to 4-H members enrolled in a designated 4-H project that follows 4-H project guidelines, and to members of other youth organizations that do equivalent work and apply equivalent guidelines. Exhibits may be judged using the regular or Danish judging system. For each entry class, a fair board may pay first – place to fourth – place premiums at any of the following levels designated by the board:
 - a. Premium level one: \$2.00, \$1.75, \$1.50, \$1.25
 - b. Premium level 2: \$2.50, \$2.25, \$2.00, \$1.75
 - c. Premium level 3: \$3.00, \$2.75, \$2.50, \$2.25
6. If 16 or more animals, items or articles are entered in any junior fair class, the class may be divided into 2 or more approximately equal groups according to weight, age or other identifying characteristic and each group judged as a class.
7. Special educational exhibits may [be] established if the proposal is presented to the Wisconsin association of fairs before October 1 of the year preceding its proposed establishment and the exhibit is approved by the department.
8. Within any junior fair department under subch. IV, a county or district fair may establish special classes where none are specified under subch. IV. Special classes may include classes for grade and crossbred females in the beef, swine, sheep and horse departments. Premiums for special classes created under this subsection shall be equal to premiums for comparable classes established in the same department under subch. IV.

ATCP 160.05 Open Division; general requirements

1. The total maximum premiums set forth for all places in any open division livestock class, excluding poultry and rabbits, may be divided into premiums for a greater number of places, but the maximum premium offered for any additional place shall not be higher than the maximum for last place in the class.
2. All animals in any open division class shall be owned by the exhibitor, except as provided in s. ATCP 160.09

STATE, COUNTY AND DISTRICT ANIMAL HEALTH REQUIREMENTS

Exhibitors at County and District Fairs are required to comply with all of the statutory and regulatory provisions of the State of Wisconsin relating to animal health. All exhibitors must comply with the provisions set forth below.

If a fair or livestock exhibition lasts more than 24 hours, the sponsors shall appoint a licensed veterinarian to conduct a daily inspection of all livestock at the fair or exhibition. The veterinarian shall review all records and test results required under ATCP 11.62. If a fair or exhibition lasts less than 24 hours, all records or test results required under the ATCP 11.62 shall be reviewed by a licensed veterinarian or by the show chairperson.

The attending veterinarian shall conduct such tests and examinations as may be necessary to determine the disease status of any animal and shall exclude or cause the removal of any animal afflicted with or suspected of being afflicted with any contagious, infectious or communicable disease.

This is a summary of DATCP animal health requirements for exhibition only. These requirements may change due to animal disease emergencies in Wisconsin or other states. It is always advisable to check with the Division of Animal Health (608-224-4872) for the most recent health requirements when planning to exhibit animals. Animals meeting exhibition requirements may not meet all import or movement requirements for other purposes.

GENERAL REGULATIONS AND PRECAUTIONS

Animals or fowl or any class which show symptoms of disease or which come from an area which is considered exposed or quarantined because of the presence of a highly contagious disease, cannot be shown at Wisconsin Fairs.

The Wisconsin Department of Agriculture, Trade and Consumer Protection urges that every precaution be taken on the part of exhibitors to use individual utensils in caring for the animals. Common water troughs are forbidden.

The Department also urges the necessity of all exhibitors thoroughly cleaning and disinfecting all vehicles which are used to transport animals to and from the Fair.

A Certificate of Veterinary Inspection may be used in lieu of an Interstate Health Certificate or Health Certificate.

RIGHT TO DETERMINE DISEASE STATUS

The Fair has the right to make such tests and examinations as may be necessary to determine the disease status of any animal exhibited and to exclude or remove an animal afflicted with or suspected of being afflicted with a contagious disease.

All animals found to be afflicted with a contagious or infectious disease shall be removed from the Fair premises under a permit from the department.

ALL EXHIBITORS MUST COMPLY WITH THE PROVISIONS SET FORTH BELOW.

HEALTH RECORDS

Persons exhibiting livestock at any fair or livestock exhibition in Wisconsin shall have a copy of the required health certificate or certificate of veterinary inspection available for inspection by the department at the fair or livestock exhibition, or file a copy of such certificates at the show or fair office for the duration of the exhibit. A health certificate or certificate of veterinary inspection is valid for 30 days unless extended by species.

Livestock may not be exhibited at Wisconsin fairs unless accompanied by required health records.

The Fair may randomly request a blood test on any animal at any time.

PARASITES

Cattle infected with mange, scab or ringworm may not be exhibited at any fair or other livestock exhibition. Animals found to be infected, or showing evidence of infection with mange, scab or ringworm after arrival at a fair or other livestock exhibition shall be isolated from other animals susceptible to the disease and removed from the premises. This shall not apply to animals showing evidence of ringworm infection if in the opinion of the attending veterinarian of such fair or exhibition, the lesion is inactive and not capable of transmitting the disease.

WARTS

Bovine animals infected with warts may not be exhibited at livestock exhibitions. Animals with evidence of wart infection will be examined by the fair veterinarian and the animal ordered to be removed from the premises unless the veterinarian finds the warts are not capable of transmitting the disease.

QUARANTINE

Livestock under quarantine by the department are not eligible for exhibition.

PENALTIES

Section 95.19 of the Wisconsin statutes provides in part: "No person shall... Exhibit at any fair any animal afflicted with or exposed to any contagious or infectious disease."

It is a misdemeanor to exhibit animals contrary to this section. In addition it is provided that any person violating this provision shall be liable to any other person who sustains damages by reason of such violations.

JUNIOR FAIR EXHIBITS

Junior Fair exhibits are subject to the same requirements as livestock at any other fair.

Animal Health Regulations

for Fairs and Shows in Wisconsin: 2020 Season

This is a summary of animal health requirements for fairs, shows and exhibitions only. They are not necessarily the same as requirements for importing animals into Wisconsin or moving them within the state for other purposes. They may change if animal diseases occur in Wisconsin or elsewhere, so you should always check our website or contact us for current information.

GENERAL REQUIREMENTS FOR SHOW ORGANIZERS

- If requested by the fair or show organizer, the documentation showing legal importation (if applicable) and movement to the event Fairs or exhibitions lasting more than 24 hours must appoint a licensed veterinarian to inspect all animals daily and review the above-required records.

DISEASES

Animals that show evidence of having contagious or infectious diseases may not be commingled (or housed/kept) with other animals at a fair, show, or other exhibition in such a way as to allow disease to spread. Such animals should not attend the fair, show, or exhibition. Animals may be denied entry if they arrive at these events with contagious or infectious diseases, isolated and/or removed if they develop disease after arriving, or be subject to other action as would be necessary to control disease.

Bovine animals with ringworm, mange, warts or scab will be removed from the fair or exhibition premises, unless the veterinarian in charge finds warts or ringworm lesions are incapable of transmitting disease.

GUIDELINES FOR HOUSING AND MANAGING ANIMALS

The State Veterinarian recommends that exhibitors:

- Vaccinate breeding cattle against bovine viral diarrhea (BVD) at least 30 days before the event
- Test cattle for BVD-PI by immunoperoxidase test, and bring them to shows only if they test negative
- Test cattle for Johne's disease by ELISA test, and bring them to shows only if they test negative
- Clean and disinfect vehicles used to transport animals to and from the show, and vehicles used at the show, before and after the show
- Isolate exhibited animals returning to their farms or animals purchased at the show for 21 days before mingling them with other stock

The State Veterinarian recommends that show organizers:

- House cattle separately from South American camelids and other exotic ruminants
- House cattle separately from small ruminants, especially sheep
- House ostriches, emus, rheas and cassowaries separately from domestic poultry
- House swine separately from any other mammals
- Include a space for the premises registration code on livestock entry forms

- Provide hand-washing stations near all livestock facilities
 - Provide individual watering and feeding troughs rather than common ones
- Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the **"IAFE National Code of Show Ring Ethics"**, fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial, and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible person who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock show. Exhibitors who violate this code of ethics, demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines and expectations for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of drugs. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event. If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the approved laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise at any hearing in regard to the matter conducted by the fair or livestock show. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications shall be administered by a licensed veterinarian.
5. Any surgical procedure of injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
 7. JUNIOR FAIR DEPARTMENT

Junior Fair Regulations

- A. Junior Fair entries are due to Club General Leader before June 30th of the exhibit year. Club General Leaders are responsible for delivering entries to the Kenosha County Fair Office, no later than July 1st of the exhibit year. Please check with the General Leader of your organization/club for exact deadline date for your club.
- B. All exhibitors in the Junior Fair must be members in 4-H, FFA, FHA or any other youth organization having adult leadership in Kenosha County. Adult leaders must be confirmed by their organization and must show educational plan from their organization. Junior Fair members in kindergarten, 1st and 2nd grade will be judged with 4-H Cloverbuds only. Exhibitors in the above-mentioned groups are required to be in Grade 3 as of January 1 of the exhibit year and through one year past high school.
- C. Entries by youth will be disallowed from showing at the Kenosha County Fair unless a record of their enrollment in one of the county youth organizations with their address and list of projects carried is on file. All youth making an entry must have their leader certify they are a member of the organization and are currently involved in the area in which entry is being made. (NOTE: all youth must be registered with an approved youth group having Kenosha County leadership by May 1 and notification of that registration turned into the Kenosha County Fair by May 1.)
- D. Exhibits in the Junior Fair must be a result of the exhibitor's project or projects in which he or she is currently enrolled, and must be the result of the member's own labor during the current school or enrollment year.
- E. The Kenosha County Fair Executive Board has the right to disqualify any Junior Exhibitor from the Kenosha County Fair at any time.
- F. The Kenosha County Fair Executive Board will set the rules regarding tag-in dates, weights, tagging, tattooing, rate of gain and other rules regarding the Kenosha County Fair book exhibits.
- G. Any Junior Fair exhibitor that has been disqualified from any county fair for a project and/or behavioral violation will not be eligible to enter the Kenosha County Fair for three (3) years from the time the violation has taken place.
- H. No exhibitor shall make more than one entry in any one class number (exceptions are livestock exhibits).
- I. All Junior Fair exhibits are judged by Danish system unless otherwise indicated. When divisions in the Junior and Education Departments are judged according to the Danish system, 4 group placings will be awarded.
- J. First Prize (Blue Ribbon), Second Prize (Red Ribbon), Third Prize (White Ribbon), Fourth Prize (Pink Ribbon)
- K. Exhibitor's ticket. All exhibits in the Junior Fair will be required to purchase an exhibitor's ticket costing \$10.00, except Cloverbud exhibitors. Cloverbuds are exempt from the exhibitor's ticket and therefore have free admission into the Fair.
- L. Health certificates for livestock. See Health Regulations in the front of the book.
- M. Registration papers on livestock exhibited as registered MUST be checked by superintendent before judging begins.
- N. Junior Fair exhibitors may exhibit (if they so choose) in the Open Class. However, if they exhibit in the Open Class, they may not exhibit the same animals, article, or product in the Junior Fair. A Junior Fair Exhibitor wishing to enter Open Class can upgrade their Junior Exhibitor Ticket to a Dual Exhibitor ticket for an additional \$5.00. An entry form for both the Junior Fair and Open Class fair must be submitted by the respective deadline dates.
- O. Animals shown in Open Divisions cannot be housed in the Junior Fair barns, nor participate in Club Herd or Herdsmanship awards. Animals exhibited in the Junior Fair cannot be shown in Open Class, except as part of a herd group or special premium.
- P. Any exhibitor showing in a division that designates a specific grade, for example, showmanship contests, will be considered on the basis of his or her grade as of January 1 of the present year.
- Q. Junior Fair and Open Class livestock shall be housed separately and any Junior Fair exhibitor who fails to house his or her livestock in the area assigned by the superintendent shall forfeit his/her premiums. Mechanical ventilation in the livestock buildings will be used at the discretion of the superintendent.
- R. When there are 16 or more animals entered in any Junior Fair division - at the discretion of the fair superintendents - the division may be divided into approximately equal groups and each group judged as a division.
- S. No commercial or farm names may be worn by Junior Fair exhibitors while in show or sale ring. Proper and clean attire must be worn in the show ring and sale ring.
- T. Members staying overnight with livestock must register with the Fair Office, present written permission signatures from parent and superintendent to Fair Police before 9:00 PM of the current day and obtain Police wrist band.
- U. All entry tags must be attached to the projects (non-animal) and filled out properly before the project can be judged. The bottom stub is to be removed and used when picking up the project on Sunday night.
- V. All Junior Fair exhibits must be brought to the judge by the exhibitor. Please see the schedule of judging on Page 40. Each exhibit will receive an evaluation and placing at the time of entry. If it is impossible for an exhibitor to be available at this time, their representative may bring the exhibit to the judge. Youth are strongly urged to participate in the fair face-to-face judging. Youth who do not participate in the face-to-face judging will have their entry automatically lowered one placing. In addition, the judge will have the right to further lower the exhibit placing if the judge is in doubt that it is indeed the youth's project.
- W. No exhibits are to be released before 7PM (walk out only) & 8PM (vehicles) Sunday. Exhibits should be picked up before 9pm on Sunday.
- X. Special care will be exercised in the care of exhibits, but the exhibits are displayed at the owner's risk. Once the item has been judged, in order to receive premium money, it must be left as an exhibit for the duration of the fair, no exceptions. The Department is not responsible for exhibits left on the fairgrounds after the close of the Fair.
- Y. Rules specific to individual departments are listed at the beginning of each department section. Also refer to "Rules for Livestock Show at Kenosha County Fair".
- Z. Any youth may participate in Junior Fair regardless of where they live in relation to Kenosha County.
- AA. All animals must be housed in Kenosha County for the duration of project to be eligible for sale at the Fair.
- BB. Animal Project Standard Sheets must be signed every year and must be strictly adhered to.
- CC. Participation in Kenosha County Fair events, pre-fair judging, meetings of related activities implies parental/exhibitor permission regarding the use and distribution of your image, including but not limited to your name, voice and likeness (image). By attending the events you acknowledge and agree that photographs, video and/or audio recordings may be taken of the exhibitor and the exhibitor grants Kenosha County Fair the right to use the images in electronic and/or print distribution both now and in the future.
- DD. The Kenosha County Fair requires that all exhibitors grades 3 through one year past high school exhibiting an animal in the Beef, Dairy, Goat, Poultry, Rabbit, Sheep, or Swine projects participate in Youth for the Quality Care of Animals (YQCA), a national program focusing on food safety, animal well-being and character development. This program will allow youth to learn about other species of animals; not just the species they show. YQCA content and modules will demonstrate a progression of topic knowledge in designated categories based on youth ages as of January 1: Junior (ages 8-11), Intermediate (ages 12-14), Senior (ages 15-18), and Young Adult (ages 19-21).
